

Comprehensive Site Documentation

Includes a low-level overlapping flyover and two video clips or one full orbit of the site (depending on location) along with a 3D model, an orthophoto, and all of the source photos. All assets hosted on drone deploy. Output file types: JPG, GEOTiff, OBJ, PDF, DXF/SHP, and Shapefile.

Once a Month – \$149/visit

2x Month – \$139/visit

Weekly – \$129/visit

2x Week – \$121/visit

Daily – \$115/visit

*Larger properties (over 10 acres) extra based on size

Floor View Spherical 360° Panoramas – \$59/floor < 20 floor, \$49/floor ≥ 20 floors

Perfect for wowing investors and general marketing, floor view panoramas give you a 360° view of what the views are at various floor levels. The basic level of this service provides one panorama for every three floors.

Point Cloud Exterior Site Mapping – Add \$45/visit

Get an accurate 3D point cloud map of your project! Guaranteed to import into your existing BIM or CAD system. Includes LAS and XYZ point cloud file types.
